

Chinook Water District
Request for Statement of Qualifications to Furnish
Engineering and Land Surveying Services

The Chinook Water District, in accordance with RCW 39.80.030, hereby publishes notice that the District maintains a roster of qualified firms that provide engineering design and land surveying services on building and construction projects related to the operation of a water utility.

The District does not anticipate changing its current engineering and land surveying service providers presently under contract with the District at this time. However, those firms wishing to submit a "Statement of Qualifications" (SOQ), may do so by submitting five paper copies containing no more than four pages to:

Chinook Water District
PO Box 191
Chinook, WA 98614

Each SOQ should include the firm's specialties and types of work desired, previous experience, resumes of key personnel, and references. No interviews are being scheduled at this time.

Minority- and women-owned firms are encouraged to submit statements of qualification.

The Chinook Water District is an equal opportunity and affirmative action employer.

The Chinook Water District requests that firms respect the busy schedules of District staff and refrain from contacting the District prior to submitting an SOQ. Response of interested firms is requested no later than June, 9 2010.
